Many Thanks

“Where Town Really Meets Country”

Since Opening The Stables in November 2004 we have made it our aim to share with you the meat from farmers with Yorkshire & the North-East, 7 years on we are still doing this and much more, our list of local suppliers is evolving almost on a daily basis. the local producers who provide us with the pick of the crop, the leanest cuts & the catch of the day are proud of what they produce and were proud of them too.

Please Enjoy your dining experience.

John & the team.
